EDUCATION

University of VirginiaAugust 2023 - May 2027

Bachelor of Science in Data Science, Minor in Computer Science (GPA: 3.86/ 4.0)

Relevant Coursework:

Communicating with Data, Data By Design, AI For Product Design & Services

EXPERIENCE

Interactive Data Design Research Assistant at UVA School of Data ScienceMay 2025 - Present

Charlottesville, VA

- Process datasets and create visualizations to compare and benchmark UVA research fields to other R1 institutes for financial and educational analysis
- Collaborate with PhD students and faculty on NSF granted projects to design interactive dashboards
- Present research findings to the Head of Research at UVA and at UVA's Research Computing Symposium

Foundations of Data Science Instructional Assistant at UVA School of Data ScienceAugust 2025 - Present

Charlottesville, VA

- Deliver tailored, actionable feedback on weekly coursework and host office hours to guide students through complex academic and logistical challenges
- Manage weekly lab sessions by exercising quick problem-solving for both anticipated and unpredicted technical errors while fostering an educational environment

UX Design Intern at Strategy Inc.June 2026 - August 2026

Tysons Corner, VA

- Completed an end-to-end agent tuning tool design and prototype to promote client autonomy and efficiency
- Led multiple design reviews with cross-functional teams such as product managers, engineers, and other UX designers for feedback and iteration
- Researched and presented methods for AI workflow integration with Figma Make to the global UX team

AI Healthcare Research AnalystDecember 2024 - August 2025

School of Data Science at UVA - Charlottesville, VA

- Compiled and researched papers on transformer models used in the medical field for a survey paper publication
- Led biweekly meetings to administer tasks and manage workflow for research assistants
- Supported a team in the UVA School of Medicine to visualize EHR data using D3.js for more efficient treatment

PROJECTS

UVA Data is Art Finalist and People's Choice Award Entry - "Eclipse"March 2026

Skills: Web scraping, Python, D3.js, Figma

- Created a data art piece visualizing what research looks like across universities, placed as one of eight finalists in UVA's nationwide competition
- Spoke on CBS19 news channel to explain data design and details of my submission

Data Dashboard and Laser Cut Postcard - Research Insights at UVAOctober 2025 - May 2026

Skills: Javascript, HTML/CSS, Figma, Adobe Illustrator, Laser cutting

- Designed an interactive research dashboard with UVA research grant data to deliver to the Head of Research at UVA for analysis and insight into research performance
- Laser cut a wooden poster showcasing UVA research findings from the dashboard as a gift to the Head of Research

TECHNICAL SKILLS

Data Visualization: Tableau, Dash, D3.js

Programming Languages and Tools: Python, Java, SQL, Javascript, Github, AWS, Linux command line, Machine Learning, Artificial Intelligence, MS Excel, Adobe Illustrator

Web Development: Website design, HTML/CSS, Figma

UX/UI Methods: Wireframing, User Interviews, Information Architecture, Prototyping
